

Make your own Whirligig Wind Flyer

1. Cut the template along the dotted line.
2. Fold flyer in half along the "cut here" line.
3. Cut off gray triangles
4. Open up again.
5. Fold in the "doors" to make a handle on the bottom of the flyer. You can use tape to add weight and to keep the "doors" shut.
6. Cut along the dotted line to create "rabbit ears."
7. Fold one "ear" away from you (out) and one "ear" towards you (in) along the line at the top of the triangle.
8. Hold the flyer on the bottom and drop.
9. Watch it spin!
